

APPENDIX B: Researcher-Made Questionnaires

This appendix contains the researcher-made questionnaire designed to measure participants' smartphone overuse and academic performance. The tool uses Likert-scale items to assess the duration, frequency, and behaviors associated with smartphone overuse and academic performance.

Informed Consent

By continuing, you are agreeing to take part in the study “*Smartphone Overuse and Academic Performance Among BSIT Students in STI College Malolos.*”

Your participation is voluntary, and you may stop at any time. The survey will take 5–10 minutes. All responses are anonymous, confidential, and used only for academic research. No personal identifying information will be collected.

By participating, you have the option to provide your General Weighted Average (GWA). To ensure the highest level of accuracy for this study, we request your permission to verify your reported GWA with the official records from the School Registrar or Department Office. This data will be used solely for statistical correlation and will be deleted once the analysis is complete.

*All responses will be treated with the strictest confidentiality in accordance with the **Data***

Privacy Act of 2012.

Do you agree to participate?

☐ Yes, I agree.

**Do you authorize the researchers to verify your submitted GWA against
official school records for the purpose of academic validation?**

☐ Yes, I agree.

A. Participant Information

Full Name (optional): _____ Age: _____

Sex / Gender: ☐ Male ☐ Female ☐ Prefer not to say

What year level are you currently enrolled in for your BSIT program?

☐ 1 ☐ 2 ☐ 3 ☐ 4

General Weighted Average (GWA): Please provide your GWA from the previous semester (e.g., 1.25, 1.75, 2.00).

GWA: _____

B. Smartphone Overuse Scale

Smartphone Usage Questionnaires	Never	Rarely	Sometimes	Often	Always
I spend more time on my smartphone than I intend to.					
I check my smartphone even when I know I should be doing schoolwork					
I feel the urge to use my smartphone frequently throughout the day
